How about 8:30 a.m. or 11:00 a.m. next Tuesday. Understand too much to do and too little time.

Talk to you soon,

David

Sure David, sorry I haven't gotten back to you on your voice mail....trying to get through some deadlines this week. Looks like I'm wide open Tuesday and Thursday afternoon next week. Want to pick a time and I will get it on my calendar?

BTW, we just signed the EC/SAR action yesterday (reapproved MT's standards); so, Tonya is out from under that work and will be back to other priorities including yours. We have a team meeting next Weds to go through all our action items and prioritize, etc. So, I'm hopeful we'll start making better progress again.

Thanks,

Sandie

Sandie, can we set up a time to discuss Chapter 1 progress on your side. I'm starting to get more questions about it - mostly staff, related to products being developed (i.e. Rec Use UAA, IR, Monit. Grp.).

Thanks,

David
