EPA Comments Chapita AQTSD 051515.pdf
EPA Comments Monument Buttes Mitigation 051515.pdf

Hi Brock,

After meeting with you all last Wednesday, Carl mentioned that you were interested in seeing the recent comments that the Region 8 NEPA program (with significant Air Program input) provided to BLM on the Monument Butte and Greater Chapita Wells projects. As I'm sure you know, both of these projects are located in the Uinta Basin.

I think Carl already mentioned that the comments on Monument Butte make a reference to Utah's R307-401 and UT's definition of minor source BACT. Please take a look and let me know if you have any questions or concerns.

Thanks,

Scott
