Hello –

Ayn confirmed that it is the Wyoming Pavillion Domestic Water Well Draft Report that will be out soon (the third in the list below). As we have done with the first 2 Reports, Region 8 will prepare EPA comments. We talked a bit about what the data may show and she will let me know when it comes to us. I'll keep you posted as well.

Thanks, Kimi

Also, I recall that Deb talked with Todd Parfitt about the forthcoming report before Thanksgiving; you may want to check in with her if you can catch her, to get further background. If I had further details I'd share them of course, but I don't have any other information.
