Dear Senator Sessions

I request your assistance in resolving the problem I am having with (agency) ICE & DHS

Give highlights, necessary dates and locations. Use second sheet if needed.
Since 3/2007, I have been detained for secondary inspection at immigration and searched by customs, sometimes causing me to miss my flight home to Huntsville, having to stay overnight at my expense. On two occasions, I was accompanied by clients and the sequester caused my clients to lose confidence and cost me business. I have written many complaints to DHS-Trip, all receiving the same response, saying, admitting, changing absolutely nothing!!! I have filed under the FOIA TWICE, and received no info to explain being stopped. They won't explain why I am stopped! A few weeks ago, I filed with the DHS Civil Rights office. Guess what? They referred me back to DHS-Trip!!!! Why do you, a US Senator permit DHS to use ICE to violate my rights as a US citizen. You see, I have been stopped more than 50 consecutive times in 6 years!!! I'm not a terrorist, so this is abuse by a federal agency to investigate me which is illegal!!

In keeping with the restrictions of the privacy act, you are authorized to request any information required to assist me.

COVER MESSAGE

I know you do not take this as being an urgent matter because I have written the Senator about this, four times in 6 years. But I really wish you would help me. I have been detained more than 50 times since 3/07, by ICE for secondary inspection...questioned, searched as if I am a criminal or an illegal alien. If this were outside of Customs, it would have been illegal at least the last 48 times. I have missed flights, lost clients and lost money having to stay overnight when this has occurred. I am a 7th generation Alabamian, not a terrorist or a drug dealer. I really wish someone would take the time to help me. Would you? Please?

Will you please explain to me why the IGO?s does not consider the violation of my civil rights an investigatible incident and would throw me back to the same wolves who have shown absolutely no respect in this matter for 5 consecutive years?

I have been stopped, questioned and search?missed flights and given the run-around by every government agency and I am sick of it. Since around March of 2007, I have been stopped for secondary inspections EVERY time I re-enter the USA. I am never told why. I wrote every government agency, ALL OF THEM. And under the FOIA I got absolutely nothing except once they said there existed another person with my name from the UK which caused the STOP. However, I am now advised by a confident that the reason I am being stopped is because a foreign government asked for info on me and because of this I am being stopped, questioned and searched. This would not be a big deal because I understand that international police authorities need to cooperate, EXCEPT for two important points.

1. I am a US citizen, family here since before 1722. And I have been stopped 43 times consecutively entering the USA. I am questioned and if I refuse to answer the same stupid typical questions, which still violate my rights, I am told that I have no rights in Customs and Immigration, and if I refuse to say anything, I would be arrested. If this were a one time incident, I was blow it off, but this is CLEARLY a violation of my constitutional and civil rights as it goes beyond the reasoning behind the authority of the US Customs office and even the Patriot?s Act.
2. If I were being investigated by law enforcement, this would be considered harassment without question, and I would be entitled to legal counsel and I would be advised as to the reason and either charged or released. But this does not happen.

I applied for the CARD as I was told this would reveal the reason for my unlawful detention, however, it was denied and I was told that because I pleaded to a Class D felony in 1992,got probation, that I could not receive the card to pass through immigration. It did not reveal any other reason. Last week when returning from VZ, I discovered that the guy sitting by me was a felon, had served 10 years in prison. He breezed through passport control without hesitation, but I did not.

Do I need to file a law suit against the government to stop this illegal search and harassment and make it a newsworthy event in the nation, or are you in a position to open this can of worms. I understand that the US government is spending more than $14mm a year searching US citizens such as myself! Is that true?

Here?s the last email I got for your reference point. I also have numerous meaningless, say nothing letters from DHS in response to ?trip? complaints I filed.
