Hi Mike and Robert,

Please see attached for the draft text of the CFAC CIP. Our goal was to write as concisely as possible while still including everything listed in the comprehensive outline. We have flagged some portions that we don't typically include in our more streamlined CIPs, so you can decide what you would like to keep. We have also included some comments in the margins for your consideration.

Please let us know if there are any questions or if you would like to discuss more. We look forward to receiving your comments on the draft.

Thanks,
Emily
