Mike, if press call about site-related topics HQ has said we can proceed in responding, especially if talking points already exist. But always best to use a "gatekeeper" (me or a press officer) so we can find out the questions before responding and not have you get caught by surprise. Andrew, let me know if you want me to call Matt.

Hi Andrew,

Triston from the Flathead beacon just called and I had Ruby direct him to you. So I have no idea what he is calling about, but wanted to give you a heads up. It could be Libby or Columbia Falls Aluminum.

Subject: Matt Brown from associated press called

Hello,

Matt Brown called and asked 2 questions;

How is last call going?

He heard contracts have been put on hold?

I give him Libby's phone number as I didn't get any other direction other than don't talk with Reporters.

He did also ask who the contractors for the site were, I did give him CDM Smith and PRI. I didn't think that would be an issue since it's pretty well known?
