3/19/20

1) News / General Updates
- Update on status of Class VI MC review to add to agenda
- telework situations.

Uduak - offices across the state. Some counties have Shelter in Place. SAC closed, other offices are open. But staff is working remotely. Gas disposal well testing by 4/1 - will be delayed possibly. No approval for any extensions. Env. Protection is an essential service per the Governor. WSPA will send a request.

State Bd - under shelter in place order

Central V. 90% telework - some variances for public health concerns. doing inspections as long a social distancing can be maintained

CalGem - still doing inspections. CEC identified critical infrastructure which included energy.

EPA → April 7 Shelter in place.

Sylvia Quast - not joining call - express gratitude for stepping up + getting S. Belridge + Lynch Cyn. To express appreciation in submitting.

2) AE updates.

Lynch - Cyn - Jon working on that - hearing coming soon ORA will find that. 6 commenters.

Response to EPA questions.

Sespe - coming next. internal questions next month likely

Coalinga - resend any original + send our early review questions

→ Emily, DK - send early review comments again.

Cat Cyn.

Being very deliberative in reviewing responses to public comments. Higher level of review is likely.
