Hi Blair and Emily,

Please be advised that I will be staying on as the EPA community involvement coordinator on the CFAC site. I apologize for any confusion. Please continue to work with me on this project. I will look forward to reviewing a revised and formatted CIP. You can keep my contact info for CIC in the draft. Thank you.

Robert Moler

Hi Robert,

We've enjoyed working with you over the past several months. Thanks for the warm welcome when Josie and I went to Columbia Falls for the interviews. Best wishes on your next adventure!

Thanks,

Emily

Hi Robert,

Thank you for the reply and the updated CIC contact information. It's been a pleasure working with you on this project and I wish you all the best in your future endeavors.

Jennifer, we look forward to working with you as well and aim to have a draft layout for review early next week. Please let me know if there are any questions in the meantime.

Best,

Blair

Subject: RE: Revised CFAC CIP text

Hi Blair,

Thanks for this revised draft . One small change to make: Jennifer Chergo (303 312-6601; Chergo.Jennifer@epa.gov) will be replacing me as the EPA community involvement coordinator for the CFAC site.

As it will likely take some time for the transition, I recommend moving this draft forward with layout so that we can get it out to the community for additional input. Jennifer can work with you from there for additional guidance. In the meantime, I will brief Jennifer on the status of the CIP and TASC order and other background information for the site.

I have enjoyed my experience working with you, thank you for your work and support. My last day with EPA is this Friday. Please follow up with Mike and Jennifer for future EPA coordination on this project. Thank you.

Hi Robert,

Thank you for your comments and revisions. We've revised the draft accordingly and kept your edits intact, aside from a few places where we have comments for your review and made some minor edits for consistency and readability. If this version is acceptable, we can move ahead to layout, which would keep us on track for a 1/16/17 delivery. We will continue to work on the graphics, as discussed on our last call.

Please let us know if there are any additional questions or comments as we move to putting this text into the draft layout.

Best,

Blair
