Thanks Blair,

I think this turned out fine. I have no further comments. We'll see if we get any comments or feedback from the community.

Subject: RE: Revised CFAC CIP Layout

Hi Blair,

Thank you for this version. We will share this draft with the community and invite feedback. A few quick requests in the meantime:

1. Yes, please send the 25 mb version as well.

2. I'd also like the image files (maps, icons, infographics, etc) used in the document and the master file. Can you set up a shared drive so that we can have access?

3. In prep for rolling this out and inviting feedback, can you also send me the most recent text document. I can use that to update the text based on community input.

Overall this looks really good. After we receive input from the community, let's plan to have a call and discuss final content, graphics, and layout updates to the CIP – March timeframe. That will hopefully put us on track for a final CIP draft in April and we can start development of the fact sheet. Sound good?

Thank you,

Robert Moler

Hi Robert and Mike,

Please find attached the revised layout for the CFAC CIP. We made the file smaller for easier emailing, but please let us know if you'd like the larger file size at this point as well (it's 25mb).

Best,

Blair
