RE: Revocable License for Non-Federal Use of Real Property
License No. GS-11P-ODC00645
Central Heating Plant, Washington, DC

As previously discussed, by this letter the United States General Services Administration (GSA) hereby revokes the aforementioned license to film an episode of "Dirty Jobs" at our Central Heating Plant.

Upon additional review of the matter, GSA has determined that permitting the identified activities at the Central Heating Plant would be inconsistent with best security practices. In our administration of public buildings and associated infrastructure, we strive to prioritize the security of United States assets; this focus unfortunately requires that we sometimes decline to engage in certain otherwise constructive activities.

GSA of course regrets the inconvenience this will cause you. If you have any questions or concerns please feel free to contact Kimberly Ashby-Hewlett on 202-710-9543. Thank you in advance for your cooperation in this matter.

Sincerely,

(b) (6) [redacted]

Tawanda Beverly
Senior Contracting Officer
