Hello,

Great job with the letter, Jocelyn, and with managing the steps of the SEMD FOIA process! I revised the letter – see attached and in the G:/drive. I also modified the name and the foldering. Jocelyn, I'm happy to talk it through, but I'll share for now that the benefit of putting the year first in the date within the file name is that the documents will order by date which can be super handy, especially where there are multiple versions. Also, we don't include the partial denial verbiage in the letter name or within the record – that's insider FOIA talk – there's no benefit to using such a negative term as denial – especially where as here, we've only redacted a few phone numbers as PII. Finally, we don't include the FOIA requester's name in the file name, and please be sure to remove our initials before the letter goes to Calvin for signature. I organized/renamed the folders the way that we usually use them. Hopefully you'll find that helpful. We really appreciate your stepping in and keeping our FOIAs moving along!

My review time was less than 15 minutes and so is not chargeable.

Thank you.
-Jennifer

Ms. Sheila and Jennifer,

Attached and in the share drive is the Final Release-Partial Denial release letter for your review and concurrences.

Marie,

Mr. Jorgensen provided a $25.00 fee limit for his Commercial request and the Admin Costs in FOIAonline are still $0.
Please let me know if any of you have any search or review time to report so that this request can be closed.

Upon receipt of concurrences, I will send the letter to Mr. Calvin's signature.

Thank you.
