ENVIRONMENTAL PROTECTION AGENCY

REGION V

ENFORCEMENT DIVISION

TELEPHONE MEMO

TO: Ron Novak, Hammond DAPC

DATE: 6/13/79

FROM: David Schulz

TIME: 11:30 Am

SUBJECT: Calumet Containers

SUMMARY:

Ron had called to inform us that during their inspections at C.C., one of the drums observed was from Man-Tek Corp. In tracking down the content of such drum with Man-Tek company officials it was learned that the product in the drum was Amacide, a parathion based pesticide. Ron expressed continued concern over just what is being incinerated at this plant.

He also informed me that there had been a recent fish & turtle kill in Powderhorn Lake adjacent to the plant.

The Indiana SPCB public hearing is scheduled for 6/25 - 9:30 AM at the Lake County Govt. Center 2293 N. Main St. - Crown Point, IN.
