U.S ENVIRONMENTAL PROTECTION AGENCY
REGION V
HAZARDOUS MATERIAL ENFORCEMENT AND RESPONSE PROGRAM

SITE NAME Hi-Mill Manufacturing Co.
SITE ADDRESS 1204 Highland Rd. (M-59), Highland, MI. 48031
HOW/DATE IDENTIFIED Preliminary Assessment 6-2-80
SITE DESCRIPTION Manufacturing - aluminum anodizing plant with lagoons on site

WASTE RELATED INFORMATION Toxic liquids
HAZARD IDENTIFICATION potential human health, contamination of water supply and ground + surface water

DATE	COMMENT
8-13-80	This licensed site has been operating since before 1966. The Co. discharges process rinse, which contains heavy metals (Cu, Zn, Al, Pb), to a waste Lagoon. This lagoon overflows into Waterbury Lake. ~~&~~ Under state pressure, ~~High~~ Hi-Mill is currently working on a total recycling system (zero discharge). State indicates this system is near completion.
