Subject: Region 9 NEPA Hot Projects

Attachments: Hot Projects 2017 February.pdf

Colleagues -
Attached is the Region 9 Environmental Review Section's updated NEPA Hot Projects Report for February 2017. Projects are listed in alphabetical order and, as always, new text appears in red font so you can quickly skim for the latest updates.

The purpose of the Hot Projects report is to provide a heads up/update and handy reference about projects that the Environmental Review Section anticipates may be unusually complex, controversial, or likely to require Region 9 senior management or HQ involvement. We generally update the report on a monthly basis.

Thank you for your interest in the NEPA/309 Review program. Feel free to contact me if you have any questions.
-Kathy
