Read Before Using Tank

1. This tank can be used only w/polyethylene compatible liquids. If you are uncertain, ask chemical supplier if material can be safely stored in a polyethylene tank. USE OF TANK WITH ANY OTHER MATERIAL COULD CAUSE TANK TO FAIL, RESULTING IN INJURY OR PROPERTY DAMAGE
2. Clean out tank before changing chemicals OTHERWISE A DANGEROUS MIXTURE OF CHEMICALS COULD RESULT AND CAUSE DAMAGE TO TANK OR NEARBY PERSONS OR PROPERTY.
3. Fill tank w/water before installation to check for leaks.
4. Vertical, flat-bottom tanks MUST be installed on a solid, flat, level surface.
5. Tank is not fire resistant. NEVER expose it to open flame or heat.
6. Keep sharp objects from tank. Tank could be punctured and contents could escape and cause injury to persons or property.
7. ALWAYS keep tank tightly covered. Children and animals can enter when cover is not secured.
8. Tank is designed for above ground use only. Do not bury.
