Thank you, Tom.

Hi Jamie,

I called and left a message. We have concerns regarding a recent spill incident at AltEn that occurred this past Friday, just a few days after being ordered to shut down and remove their overflowing discharge waste.

I'd like to share what I know regarding the spill and the lack of an accident response and I have several other questions about the water samples we took on site.

Please give me a call when available. Here's my cell Ex. 6 Personal Privacy (PP)

Thanks,

Judy Wu-Smart

Non-NU Email

I heard back from Management; they recommend that you contact EPA Region 7. I am copying Jamie Green on this response since he is familiar with the ethanol production facility and may be aware of any efforts by Nebraska officials to address the current situation.
