Dear Mr. Pruitt,

From your email release, it's pretty obvious that you were bought and paid for by the Koch Brothers, Devon Energy, and other polluters. So much for draining the swamp.

While you were supposed to be working for the people of Oklahoma, you were actually working hand in hand with the Kochs and other out of state energy companies.

It's not too late. You can now do the right thing for the American people and fight back against the Special Interests Koch Brothers. It will be tough since they have loads of money but you now work for all of the American people. People want clean air and water. They also want open space protected for future generations of Americans to enjoy. Teddy Roosevelt, a Republican, created the National Park system and conserved millions of acres of wilderness for the people to enjoy.

Don't give in to the special interests, surprise your critics, and become a strong leader of the EPA. It will be hard, but you can do it. Giving in to the Kochs is just easy and a cowards way out.

Good Luck.
