Ok – I think what may make the most sense is to do one next week for what we have – I know that Jennie got 1 out (with those 3 facilities) and Steve got one out; but I expect Lisa's One and Jennie's last 2 to go out next week, with possibly Chad's 2. So, I'll just wait until the end of next week to push 1 large one through, and then we may have one more round with Monica's as well.

Thanks!

If we send 5 separate ones I'm sure Lena will combine them, so we should probably do that. Can we send a general salient and list the facilities to which we are sending these IRLs?

Rick – I have a salient here – Do Joan/Karen want these for off-site evaluations?

If so, was wondering if we should do a large one for all of them at the end (which would probably be few weeks out). Or, I could amend this one to include Lisa's and Steve's which are going out this week, along with the other ones Jennie put together. We probably have about 5 going this week. Let me know what you think.

Thanks.

Stacie,

Please find below a salient for the Information Request Letter sent to Horizon Land Management.

Thanks,

Region 3 requests information from Horizon Land Management about NPDES violations (MD) – On July 1, 2020, Region 3 sent an Information Requirement Letter to Horizon Land Management as part of the NPDES Significant Noncompliance (SNC) National Compliance Initiative (NCI). The Information Requirement Letter seeks information related to effluent limit exceedances at three facilities located in Anne Arundel County, MD: Boones Mobile Estate Wastewater Treatment Plant, Maryland Manor Mobile Home Park Wastewater Treatment Plant, and Patuxent Mobile Estates Wastewater Treatment Plant. The letter requests a response within 30 days. (J. Brancho 215-814-2087)
