Daikin Applied Americas, Inc. Suggested Agenda for Region 5 Meeting re proposed St. Louis Park Solvent Plume Site

USEPA Region 5 offices, 77 West Jackson Blvd., Chicago IL 60604
10:00 AM to Noon. (Indiana Conference Ctr., 12th Fl.) on November 29, 2018

Attendees: USEPA, MPCA, Daikin Applied Americas Inc., Super Radiator Coils LLP

1. Introductions (Daikin Applied, Super Radiator Coils, MPCA and USEPA)

2. Daikin Applied/SRC expression of concern about misdirected effort regarding water supply aquifers serving St Louis Park and Edina. Unfairness of public identification of SRC name.

3. Report from Daikin Applied consultant (Ramboll Environmental, Dr. Mindy Hahn) on results of their review to date of the SLP Solvent Plume hypothesis and available information on more likely public water supply aquifer contaminating sources.

4. Comments and questions from EPA and MPCA.

5. What is the status of the proposal to list the St. Louis Park Solvent Plume Site on the NPL? Where do things go from here with USEPA?
