I just sent this to Brent and Lashunda:

(should I cancel it and wait until next week or leave it?)

-

MEETING REGARDING DRAFT WASTEWATER PERMIT FOR LOUISIANA OFFSHORE OIL PORT (LOOP): EPA, the Louisiana Department of Environmental Quality (LDEQ), and LOOP will be meeting on September 5th to discuss permit conditions for LOOP. Specifically, whole effluent toxicity (WET) requirements at Outfall 004, which discharges brine from the Brine Storage Reservoir into an impaired waterbody will be discussed. This deepwater port receives and temporarily stores

significant amounts of crude oil. **Silvia Bogdan 665-2749, Isaac Chen 665-7364, Kay Schwab 665-6635.**

Silvia/Kay,

No WAR needed this week, however, prepare a WAR next week regarding the planned Sept. 5th LOOP meeting with Tim Hardy.

To the best of my knowledge LOOP has not appeared in Action Items for several weeks (because they only want it listed when there are "real" changes).

Also, not aware of a WAR re: Sept 9th. You can check H: for the WARs that actually went "up," but I don't think that Stacey included anything on LOOP lately.

Had we already put the upcoming meeting on a WAR/action item?

Nothing changed from our Sam briefing but I'm wondering whether we put the Sept.5th meeting on there already.

Hi Silvia/Mark,

Based on your discussion with Sam on 8/17/17, will you be drafting a WAR and/or Action Item regarding the Sept. 5th LOOP/LDEQ meeting -- this week or next?

Thanks
