Subject: LOOP Records Information Request

Hi Evelyn,

Please advise us regarding a search for the **August 5, 2002 LOOP document** (LA0049492) requested by LDEQ at the bottom of this email.

I am not sure if our "Record Retention Policy" for this type of document exceeds 10 years??

Thanks

K

FYI: Permit files got purged of info olderthan 2000, so unlikely to have anything form 1990.

Kay,

LOOP's consultant is also attempting to locate a memo from Vickery to Holley (dated January 29, 1990) referenced in the 1990 NPDES Fact Sheet on page 26 of EDMS Document# 1928310 (http://edms.deq.louisiana.gov/app/doc/view.aspx?doc=1928310&ob=yes). However, he has not been able to find it. This memo could not be located in LDEQ's EDMS. Please include this as a request for information along with the initial request submitted below.

Hello Kay,

An informal request for information was received from LOOP's consultant. Specifically, LOOP

is attempting to locate the study included as an enclosure with an August 5, 2002 letter (http://edms.deq.louisiana.gov/app/doc/view.aspx?doc=2445684&ob=yes) submitted to EPA. A copy of this letter was located in LDEQ's EDMS; however, it was mailed to LDEQ without the enclosures. If a formal request for this information is needed, please let me know who the consultant should contact at EPA. Take care

Sonja
