Kay,

LDEQ may draft the conditions for Outfall 029 and send it to us for review. Thanks.

Isaac

Hi Isaac,

Is it OK with you if LDEQ drafts the Mod. for Federal waters (attached) when they revise the LOOP package OR would you rather send them language?

Either way is fine – your choice.

Thanks

K

LDEQ can include the updated information in the revised PDP package.

Hi Sonja,

Am I correct that LDEQ is leaving it up to EPA to include the Mod. request (for Federal waters) in the LOOP PDP or is that something that LDEQ will be including in the revised PDP referenced below?

Thanks

K

P.S. My efforts failed to corral everyone before Spring Break (this week) so I am determined to "make" it happen the week of March 21.

Good afternoon Stacey. Per our conversation the other day, here is a list of projected permits coming your way.

Sorry for the delay. They closed our offices due to weather last Thursday and Friday.

Please let me know if you need any more information.

Thanks.

Scott
