arrived on site at 11:00 AM.

Kurt SMS & Bruce Mark.

Tulsa Power Service Co. using site as parking area for

trailer trucks. 3968 S. ASHLAND

site is unfenced but remnants of old fence & foundations

still visible.

Entered site with HNU.
BKG = 1.0 PPM

Consol tracks just S. of site
site is a concrete paddled area
Took photos of general area plus
an area just E. of site which

is fenced off for a parking lot of the Chi. Public School Administration & Service Center. (Spiegel just W.)
Old foundations (possibly for tanks) in NW corner of site

Talked to owner of Tulsa Power Station. He said the site was W. of concrete pad. ~300 ft.

Went back to this area which is now mostly Chi. Board of Education parking lot.

changed film.
