Re: Granville Solvents, Inc.

ar Mr. Fetters:

I am writing to update you on the status of the above tter. On November 20, 1989 Ohio EPA proposed to disapprove anville Solvents' closure plan. On December 11, 1989, I ceived a proposed consent order under which Granville Solvents ıld settle the enforcement case brought by U.S. EPA. Under the oposed order, Granville Solvents would promise to use its best forts to obtain approval of the closure plan and then close the cility under the Ohio EPA hazardous waste rules. I have closed a copy for your information.

As previously expressed, closure under an approved os e plan appears to be the least expensive approach to this ter. Granville Solvents will use its best efforts to obtain roval of the closure plan. In the meantime, I believe it to in the best interests of all concerned to remove the waste erial. I have enclosed a list which, to the best of Granville vents' ability, identifies the waste on-site. A few comments in order:

(1) Granville Solvents' records indicate the quantity of waste in most drums; where not known, the drums are assumed full.

(2) 80 drums contain waste which is commingled or generated by Granville Solvents in treating other waste. These were included in the unaccounted-for volume;

(3) There are five underground tanks:

PREAMBLE

On November 9, 1988, a Complaint was filed in this matter and an Amended Complaint was filed on October 27, 1989. The Amended Complaint reflects the reduction in the civil penalty pursuant to Respondent's ability to pay. The Complaints were filed pursuant to Section 3008(a)(1) of the Resource Conservation and Recovery Act (RCRA) as amended, 42 U.S.C. Section 6928, and the United States Environmental Protection Agency's Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation or Suspension of Permits, 40 CFR Part 22. The Complainant is the Director of the Waste Management Division, Region V, United States Environmental Protection Agency (U.S. EPA). The Respondent is Granville Solvents, Inc., Palmer Lane, Granville, Ohio 43023.

STIPULATIONS

The parties, desiring to settle this action, enter into the following stipulations:

1. Respondent has been served with a copy of the Complaints, Findings of Violation and Compliance Order (Docket No. V-W-89-R-01) in this matter.

2. Respondent was an Ohio Corporation whose last known registered agent was John David Jones, R.D. #2, Granville, Ohio 43023. Respondent still owns and has operated a facility located at Palmer Lane, Granville, Ohio (the "facility").

3. Respondent admits the jurisdictional allegations contained in the Complaints.

4. Respondent neither admits nor denies the specific factual allegations contained in the Complaints.

5. Respondent explicitly waives its right to a hearing on the allegations contained in the Complaints.

6. Should the Respondent fail to comply with any provision contained in the subsequent Final Order, Respondent waives any rights it may possess in law or equity to challenge the authority of the U.S. EPA to bring a civil action in the appropriate United States District Court to compel compliance with the Final Order and/or to seek an additional penalty for the non-compliance.

7. Respondent consents to the issuance of the Order hereinafter set forth and hereby consents to the payment of a civil penalty in the amount therein specified.

8. On June 30, 1989, the State of Ohio was granted final authorization by the Administrator of the U.S. EPA, pursuant to Section 3006(b) of RCRA, 42 U.S.C. Section 6926(b), to administer a hazardous waste program in lieu of the Federal program. Section 3008 of RCRA, 42 U.S.C. Section 6928, provides

that the U.S. EPA may enforce State regulations in those States authorized to administer a hazardous waste program.

9. This Consent Agreement and Final Order shall become effective on the date it is signed by the Regional Administrator.

FINAL ORDER

Based on the foregoing stipulations, the parties agree to the entry of the following Final Order:

A. Respondent shall, immediately upon the effective date of this Order, cease all treatment, storage or disposal of any hazardous waste except such treatment, storage or disposal as shall be in compliance with the standards for hazardous waste treatment, storage, and disposal facilities except as provided for in Paragraph C below.

B. Respondent shall, immediately upon the effective date this Order, achieve and maintain compliance with the standards applicable to generators of hazardous waste except as provided in Paragraph C below.

C. Respondent shall, immediately upon the effective date of this Order, use its best efforts to expeditiously obtain an approved closure plan for the Facility. Upon approval of the closure plan for the Facility by the Ohio Environmental Protection Agency, Respondent shall proceed with closure of the facility, in accordance with the approved closure plan, as required under OAC 3745-66-15 (40 CFR 265.110 et seq.), in full compliance with RCRA and other Federal, State and local laws and regulations. When all activities are

completed, Respondent shall certify completion of closure in accordance with OAC 3745-66-15 (40 CFR 265.115).

D. Respondent shall notify U.S. EPA in writing upon achieving compliance with this Order or any part thereof. The notification(s) of compliance shall be attested to by a responsible official who shall state:

> "I certify that the information contained in or accompanying this notification of compliance is true, accurate, and complete."

This notification shall be submitted no later than the time stipulated above to the Waste Management Division, U.S. EPA, Region V, 230 South Dearborn Street, Chicago, Illinois 60604, Attention: Mr. Gordon Garcia, RCRA Enforcement Branch, 5HR-12.

E. A copy of these documents and all correspondence with U.S. EPA regarding this Order shall also be submitted to Mr. Michael Savage, Manager, RCRA Enforcement Section, Division or Solid and Hazardous Waste Management, Ohio Environmental Protection Agency, P.O. Box 1049, Columbus, Ohio 43266-0149.

F. Respondent shall pay a civil penalty in the amount of ONE THOUSAND DOLLARS ($1,000) within thirty (30) days of the effective date this Final Order. Payment shall be made by certified or cashier's check payable to the Treasurer of the United States and shall be mailed to U.S. EPA, Region V, P.O. Box 70753, Chicago, Illinois 60673. Copies of the transmittal of the payment should be sent to both the Regional Hearing Clerk, Planning and Management Division (5MF-14), and the Solid Waste and Emergency Response Branch Secretary, Office of Regional Counsel (5CS-TUB-3), U.S. EPA, 230 South Dearborn Street, Chicago, Illinois 60604.

The U.S. EPA may collect interest on any amounts overdue under the terms of this Final Order at the rate established by the Secretary of Treasury pursuant to 31 U.S.C. Section 3717. A late payment handling charge of $20.00 will be imposed on any late payment, with an additional charge of $10.00 for each subsequent 30-day period over which an unpaid balance remains.

Failure to comply with any requirement of this Final Order may subject Respondent to liability for a penalty of up to TWENTY-FIVE THOUSAND DOLLARS ($25,000) for each day of continued non-compliance with the terms of the Final Order. U.S. EPA is authorized to assess such penalties pursuant to RCRA Section 3008(c).

This Order constitutes a settlement and final disposition of the Complaints filed in this case and stipulations hereinbefore recited.

Notwithstanding any other provision of this Order, an enforcement action may be brought pursuant to Section 7003 of RCRA, 42 U.S.C. Section 6973, or other statutory authority should U.S. EPA find that the handling, storage, treatment, transportation, or disposal of solid waste or hazardous waste at the facility may present an imminent and substantial endangerment to human health or the environment. U.S. EPA also expressly reserves the right to take any action necessary under Section 3008 of RCRA to enforce compliance with the applicable provisions of the Ohio Administrative Code (OAC); 40 CFR Parts 124 and 270; and this Order.

SIGNATORIES

Each undersigned representative of a party to this Consent Agreement and Final Order consisting of 6 pages certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Agreement and Final Order and to legally bind such party to this document.

SUBJECT: Granville Solvents, Inc.

Dear Mr. Allen:

This is in response to your letter of October 27, 1989 to Structurlite Plastics urging that Structurlite Plastics participate in funding a voluntary clean-up of your client's waste disposal site.

Our client is Caine Corporation. Caine Corporation received your letter addressed to Structurlite Plastics at 85 High Street, Hebron, Ohio 43025 because that is the address of the plant formerly owned by Structurlite Plastics. Caine Corporation acquired the plant and certain assets from Structurlite Plastics, but did not merge with and is not the successor to Structurlite Plastics. The assets were purchased out of the Structurlite Plastics bankruptcy. We understand that Structurlite Plastics is out of business and has no assets and suggest that you contact its bankruptcy attorney, Reginald W. Jackson, Vorys, Sater, Seymour & Pease, 52 East Gay Street, P O Box 1008, Columbus, Ohio 43216-1008.

Caine Corporation has never dealt with Granville Solvents, Inc. and has no responsibility under Superfund or any other statute for clean-up of the Granville Solvents facility. I trust that the foregoing information explains the position of Caine Corporation.
