EPA letter to USCG LOOP Air and Water Issues DRAFT ver 2.docx

Hi Melanie,

Just gave it a once over. Mostly editorial changes.

Thanks.

All,

Thanks so much for your quick review responses to version 1 of our draft letter. The attached version 2 of the letter contains your review edits. For clarity purposes, I have accepted all review comments -hope this helps avoid any confusion. Please let me know if you have any questions. I have added a few comments to this version of the letter to highlight areas that may need an edit or an area that may need additional information.

Thanks again, Melanie
