June 7, 1994

Mr. Kevin Ryan, Environmental Scientist
U.S. Environmental Protection Agency
75 Hawthorne St.
San Francisco, CA 94105-3901

Sir:

1:30

A meeting will be held on Thursday, June 16, 1994 beginning at 1 p.m. at 806 Holman Way, Sparks, Nevada.

This meeting is being arranged to discuss the options to remediate the class four or five injection well which the Bureau of Indian Affairs has operated for the past sixty years. The BIA and IHS have been aware of the contamination for the past 10 years and have not made an effort to clean up the damage to the aquifer.

The Shoshone-Paiute Tribe is requesting that you and the EPA attorney, Mr. Greg Lind, to be in attendance to explore options. Mr. Elwood Lowery, President of the Nevada Indian Environmental Coalition, and Ms. Carol Yeatman, Nevada Legal Aid will also be in attendance.

Sincerely yours,

SHOSHONE-PAIUTE TRIBES

William E. Beck
