Angelo:

Here is the electronic version of the Draft HRS documentation record for USS Lead. Mark did a great job at pulling it all together for me.

draftHRS_080404.doc

The 2 boxes of references are being sent via FEDEX for Monday afternoon delivery to Tanya. Mark and I tried to be fairly comprehensive in incorporating CSC's suggestions.

I'll probably send the one page narratives for all 4 sites on April 11th. This one is currently being reviewed by the RPM and Mark (IDEM).

Thanks for all of your assistance with the calls and questions to CSC. I do appreciate everything you do for the Region.
