Hi Laurie – this is what I got. Let me know what you think of this. Should I try to fight the fight for an in house facilitator?

Helen --
Sorry, I am catching up. Based upon the way in which Ecology made the request -- not a have to have, is what I heard -- and given my own and I think the Tribe's level of appetite for something more than facilitation "lite," I would not be inclined to go to an outside facilitator. If we can't find someone to help internally I'd probably prefer to do without and essentially end up playing somewhat of a facilitator role myself.

Hello John and Eric,

On our call last week with Washington State Ecology the state requested that the next Pend Oreille meeting, which will include the Kalispel Tribe, have a facilitator. Our region has disinvested in its facilitation program because of budget constraints, so our resources are limited. Are there sources of funding that HQ could point us to which could be used for an outside facilitator for this meeting?
