Hi Helen,

That makes sense. When I filled out the Doodle Poll, I wasn't sure if I needed to participate. Good luck with the meeting. I hope it goes well. I know your group has been working hard to resolve the issues with this TMDL.

Thanks,

Julie

Hi Julie

I noticed that you participated in the doodle poll for the meeting with Ecology. I'm sorry, but we are trying to limit EPA participation in this meeting to a minimal number. One reason is we would rather not out-number the Ecology participants, at least not by a great margin. (I have been arguing that I should not attend). We are hoping that participation from HQ be limited to one person per unit, ideally Jim Curtin, Jim Keating and a representative from the TMDL group. From R10 we will have Dan Opalski, Dave Croxton and Kim Owens. Ecology is likely to have 4 or 5 people, at the most, present. We also think that a small group is a better environment to achieve progress, especially in a two hour discussion.
