Subject FW: Telephone Conference call to discuss Geology issues regarding Lane St. Doc. Rec. and USS Lead comments

Laura,
Sorry, the conference call will be this Friday at 10:00 am our time. Attached are geology assessment as it appears in Ref. 5, excerpts from the Doc. Rec., and an excerpt from the revised Site History portions of the Doc. Rec. that discuses why we say that that Geocel is a separate plume (as requested in Headquarters' comments).
Mark
