Subject: RE: DuPont Washington Works Administrative Order

Hi Andrew,

Neither Karen nor I will be in the office tomorrow. In any event, as you may be aware, EPA attorneys have spoken with Chemours' counsel, Bradley Aulick, concerning the Washington Works facility. Accordingly, communications between DuPont/Chemours and EPA regarding any changes to the existing Administrative Order should occur between our respective counsel. However, if you would like to discuss implementation of the existing Order, Karen and I will be available all of next week to do so. Please let us know. Thanks.

Roger Reinhart
Ground Water & Enforcement Branch

Subject: FW: Vienna PFOA Testing results

Good morning Andrew,

Attached are the latest PWS sampling results as tested by the city of Vienna. As you can see, most of the individual wells would exceed the expected new health advisory for PFOA. Are you available to talk with Karen and me about possible plans to address this situation? Please call or email me with times that are convenient. Thanks.

Roger Reinhart
