Marvin -

Our firm has recently been asked by our client, Solvay (formerly Rhodia Inc.), to assist it in responding to USEPA's Special Notice Letter that it received in connection with the Cedar Chemical Corporation Superfund Site, located in West Helena, Arkansas. Currently, Solvay has until January 27th to respond. While Solvay has started reviewing the Special Notice Letter, we kindly request a 60 day extension for Solvay to respond.

Thank you in advance for your time and attention. We look forward to hearing from you.

Regards,

Mary
