Subject: NOT cancelled: FMC Bi-Weekly Teleconference August 7, 2014

All:

It appears on my Outlook calendar that tomorrow's bi-weekly conference call with EPA, the Tribes, and Idaho DEQ has been cancelled. That's not the case. Kevin intended to help us out by extending the schedule and that somehow led to an erroneous cancellation notice for tomorrow.

Please call in on the usual number (877-885-1087 access code 7383895949#) for the teleconference tomorrow at 10 am MDT (9 am PDT) as previously scheduled. Agenda items are as discussed last week:

- Anticipated EPA Approval of FMC's July 18 Submittal (Grading Phase RD, RAWP, and Supporting Documents)

- Initial Review Discussion About Gamma Cap Work Plan Addendum (submitted by FMC August 1)

- Initial Review Discussion About the Hydrogeologic Study Report (submitted by FMC August 4)
