RESOLUTION No. 72-76

A RESOLUTION OF THE CITY OF HALF MOON BAY REGARDING DEVELOPMENT OF AN AIR QUALITY MAINTENANCE PLAN FOR THE SAN FRANCISCO BAY AIR QUALITY MAINTENANCE AREA

WHEREAS, it is State policy as a part of the Clean Water Grant program to coordinate Water Quality Planning and construction activities with Air Quality Planning activities; and

WHEREAS, Federal Regulations (40CFR 35.925-14) require that wastewater treatment works funded with Federal funds comply with all pertinent requirements of the Clean Air Act and other applicable Federal, State and local environmental laws and regulations; and

WHEREAS, the Environmental Protection Agency in a policy statement to the State Water Resources Control Board stated that grant applicants for Federal funds are expected to demonstrate that attainment and maintenance of the standards will not be interfered with by the proposed project and the population it serves; and

WHEREAS, San Mateo County is a part of a designated Air Quality Maintenance Area because of present and projected future air pollution problems; and

WHEREAS, the City of Half Moon Bay as a member of the Sewer Authority Mid-coastside is seeking funds from the Federal Environmental Protection Agency to help finance an improved common sewage treatment and disposal system to solve a critical water quality problem on the San Mateo County Mid-coastside; and

WHEREAS, the improvement of said sewage treatment and disposal system may accommodate the location of more residents on the Mid-coastside and thus increase the potential for air pollution in the San Francisco Bay Air Basin and may interfere with the attainment and maintenance of air quality standards; and

WHEREAS, the Federal Clean Air Act of 1970 and the regulations promulgated by the Federal Environmental Protection Agency require that an Air Quality Maintenance Plan be prepared for all Air Quality Maintenance Areas; and

WHEREAS, the California Air Resources Board intends to develop and implement such Air Quality Maintenance Plans within the next two and one half (2.5) years in cooperation with local government.

NOW, THEREFORE, BE IT RESOLVED, that the City of Half Moon Bay agrees to participate in the development of an Air Quality Maintenance Plan covering the project service area; and

BE IT FURTHER RESOLVED, that the City of Half Moon Bay agrees to provide reasonable assistance, information and data within its statutory authority for the development and adoption of an Air Quality Maintenance Plan covering the project service area; and

BE IT FURTHER RESOLVED, that upon adoption of an Air Quality Maintenance Plan, the City agrees to coordinate its general planning process with said plan as may be required.

RESOLUTION NO. 344

A RESOLUTION OF THE MONTARA SANITARY DISTRICT
REGARDING DEVELOPMENT OF AN AIR QUALITY
MAINTENANCE PLAN FOR THE SAN FRANCISCO BAY
AIR QUALITY MAINTENANCE AREA

RESOLVED, by the Sanitary Board of the Montara Sanitary District, San Mateo County, California, that

WHEREAS, it is State policy as a part of the Clean Water Grant Program to coordinate water quality, planning and construction activities with air quality planning activities;

WHEREAS, Federal regulations "#40 CFR 35.925-14" require that wastewater treatment works funded with Federal funds comply with all pertinent requirements of the Clean Air Act and other applicable Federal, State and local environmental laws and regulations;

WHEREAS, the Environmental Protection Agency, in a policy statement to the State Water Resources Control Board stated that grant applicants for Federal funds are expected to demonstrate that attainment and maintenance of the standards will not be interfered with by the proposed project and the population it serves;

WHEREAS, San Mateo County is a part of a designated air quality maintenance area because of present and projected future air pollution problems;

WHEREAS, the Montara Sanitary District, as a member of the Sewer Authority Mid-Coastside, is seeking funds from the Federal Environmental Protection Agency to help finance an improved common sewage treatment and disposal system to solve a critical water quality problem on the San Mateo County Mid-coastside;

WHEREAS, the improvement of said sewage treatment and disposal system may accomodate the location of more residents on the Mid-coastside and thus increase a potential for air pollution in the San Francisco Bay Air Basin and may interfere with the attainment

and maintenance of air quality standards;

WHEREAS, the Federal Clean Air Act of 1970 and the regulations promulgated by the Federal Environmental Protection Agency require that an air quality maintenance plan be prepared for all air quality maintenance areas; and

WHEREAS, the California Air Resources Board intends to develop and implement such air quality maintenance plan within the next two and a half years in cooperation with local government;

NOW, THEREFORE, BE IT RESOLVED that the Montara Sanitary District agrees to provide reasonable assistance, information and data within its statutory authority for the development and adoption of an air quality maintenance plan covering the project service area;

BE IT FURTHER RESOLVED that upon adoption of an air quality maintenance plan, the grantee agrees to render reasonable assistance within its statutory authority for the implementation of said plan.
