Re: Wilcox going final

Bill I will be out of the office Dec 9 to Jan 13 with use or lose leave, but I have a draft for a Wilcox fact sheet for when it gets final on the NPL. Need to add the ODEQ logo, a couple dates, telephone #s and repository address.

Can you take care to finalize this?

Is a long fact sheet, but very complete. I suggest to include some of the ATSDR fact pages since it would take some time before we identify PRPs and negotiate the start of an investigation. That way we would have something to help answer future requests for information and questions from the public.

See the attached draft file in word. The pdf files shows how it would look like and the type of ATSDR fact pages that I suggest to include.

It is going to be a pretty quiet week, except for Homestake from what I can tell so far.

Carl will be out all next week at an SES meeting in DC.

Jackpile and Wilcox will go final on the NPL on December 10.

Everyone have a wonderful Thanksgiving!!
