Nation Priorities List Proposal, WILCOX OIL COMPANY, Creek County, Oklahoma

Location: Wilcox Oil Company includes the inactive and abandoned Lorraine and Wilcox oil refineries in Creek County, Oklahoma.

Site History: The property was utilized by two different refineries with overlapping boundaries from 1915 to 1965. The main components of the plant consisted of a skimming plant, cracking unit and re-distillation battery with vapor recovery system and treatment equipment. The area comprised 125 acres.

Potential Impacts: Currently a church and six residents located on the former site, half for which use water from private wells. Hazardous substances include polycyclic aromatic hydrocarbons (PAHs) and metals, primarily lead.

Intermittent streams drain the source area and PAH, s has been documented in the wetlands of Sand Creek.
