Re: NPDES Permit No. WA-0001902

Dear Ms. Collins:

In preparation for our upcoming work on developing a new permit to regulate the wastewater discharge from the Leavenworth Fish Hatchery, we are requesting the submittal of a new permit application by December 7, 2005. An application may be downloaded or completed on-line (see http://yosemite.epa.gov/r10/WATER.NSF/NPDES+Permits/Permit+applications), although the completed application must be printed out, signed by an authorized representative, and submitted by mail to this office.

If you have any questions, please contact me at 206-553-1755 or Sharon Wilson at 206-553-0325.

Sincerely,

Michael J. Lidgard
Manager
