A. M. McKinnon, Director of Public Works

PROPOSED ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS

Enclosed herewith is a proposed ordinance which is believed desirable to adequately protect the City's sewers and sewage treatment plant. There is also enclosed copies of the following letters, having reference to said ordinance:

a) Letter from Santa Clara County Health Department dated October 3, 1957.

b) Letter from American Standard dated March 18, 1960.

c) Memo from Chief Building Inspector dated May 31, 1960.

d) Letter from Ohmen Semi-Conductor Corporation dated February 8, 1960.

A letter was also received from Fairchild Semi-Conductor Corporation which I am presently unable to locate. As I recollect, this firm had no objection to the proposed ordinance. We also wrote to Sylvania, but never received a reply from them.

If found acceptable, it is recommended that this ordinance be referred to the City Attorney for the preparation of a final draft and thereafter, that it be submitted to the City Council for adoption.
