February 8, 1960

Mr. A. M. McKinnon
Director of Public Works
City of Mountain View
Mountain View, California

Dear Mr. McKinnon:

Thank you for the copy of the proposed City ordinance regulating discharge of wastes into the Mountain View sanitary sewers.

We have studied this ordinance and believe that it is quite reasonable. It should adequately protect the public without putting undue hardships on industrial organizations.

As you know, Rheem Semiconductor Corporation is installing adequate treatment facilities for its industrial wastes in both our Moffett Boulevard location and our new Ellis Avenue plant. We are sure that these facilities will enable us to comply with the proposed ordinance. You may expect our fullest cooperation in the future if any unforeseen problems develop.

Sincerely yours,

E. M. Baldwin
