Mr. A. M. McKinnon
Director of Public Works
City Hall
Mountain View, California

Dear Mr. McKinnon:

Reference is made to proposed project to extend Dana Street across new Route 85, 0.6 mile north of Route 82.

Your letter of December 19, 1963 by Mr. Richard H. Pratt approved the utilization of a 6.5% grade for the easterly approach of the Dana Street Overcrossing and a 150' vertical curve in the vicinity of Alice Avenue in order to fit City's latest construction.

As the approved grade for Dana Street extension will require reconstruction of a portion of Alice Avenue, transmitted herewith for your review is one print each of the following:

1. Drawing No. 2910.0-D-24, proposed construction details in the vicinity of Dana Street and Alice Avenue.

2. Drawing No. 2910.0-D-25, proposed profile grades for the extension of Dana Street and reconstruction of Alice Avenue. The Alice Avenue profile grade is based on a headlight sight distance of 30 MPH.

In order that we may complete the design of this project, please furnish us with your approval of the proposed Alice Avenue grade at your earliest convenience.

Very truly yours,

ALAN S. HART
District Engineer

By

J. C. BLACK
Asst. District Engineer

Mr. See
Request info from Mr. Kirkup on any plans he may have re: Alice Avenue & this letter.
