Subject: FW: Bristol Bay Public Comment Deadline Extended to June 30

;;;;;;;;Good Afternoon,

This message was sent out through the Bristol Bay list serve, so I apologize if you get it more than once. Please see the information below regarding EPA's decision to extend the comment period on the Revised Bristol Bay Assessment until June 30th.

EPA will continue to be available for tribal consultation and coordination until the assessment is finalized, however we encourage those tribal governments who wish tribal consultation to work with EPA as soon as possible in order to best incorporate their input into the final document. Please call or email me with any questions regarding tribal consultation.

Respectfully,

Tami

After considering the many requests to extend or maintain the length of the comment period, EPA has extended the deadline to submit public comments on the revised draft Bristol Bay assessment by 30 days, until June 30, 2013.

An additional 30 days allows the public an opportunity to provide feedback on changes made to the assessment as a result of extensive input received in 2012. This extension is reasonable given the complexity and length of the revised draft assessment.

Once the public comment period ends and we receive feedback from the 12 peer reviewers, EPA will proceed with finalizing the assessment in 2013.

You can view the document, find links for sending comments and read additional information on the web at www.epa.gov/bristolbay
