Hello Polly,

Thank you again very much for your assistance with setting up a meeting with the EPA Administrator, Gina McCarthy. As the itinerary for her day in Anchorage is firming up, we are having to adjust several time slots. We would like to move your meeting to 2:45-3:30pm.

I apologize for any inconvenience this may cause. Please confirm the new time works for you and your folks.

Thanks,

Hanh

Subject: Re: Meeting with EPA Administrator

Hello Hanh,

Thank you for your patience. Below is the information you requested for our meeting on Monday, August 26th at 1:15pm.

The topics we would like to discuss on Monday:

-Salmon is the focus for statewide conservation efforts, and so we would like to speak with EPA officials about the Pebble Mine, Chuitna Mine, and Susitna Hydroelectric Project.

-Federal toxics reform**:** Legislation is pending that would reform the Toxics Substances Control Act - we want to discuss the important role that the EPA can play in advancing this reform.

Expected participants:

Polly Carr, Alaska Center for the Environment

Ryan Schryver, Alaska Center for the Environment

Tim Bristol or Nelli Williams, Trout Unlimited

Emily Fehrenbacher, Bristol Bay United

Carly Wier, Alaskans First campaign

TBD - Alaska Youth for Environmental Action

TBD - Trustees for Alaska

Andy Moderow, Alaska Conservation Voters

We are also reaching out to Pam Miller at Alaska Community Action on Toxics to see if she can attend.

Please let me know if you have any questions, and we will look forward to the meeting Monday.

My best,

Polly Carr

Hi Polly,

Thank you for your recent voice message. Due to Administrator McCarthy's tight schedule, we would like to hold the meeting at EPA's offices in downtown Anchorage. As of now, the meeting with the Alaska Center for the Environment/Alaska Conservation Alliance is confirmed for Monday, Aug. 26, 1:15-2:15pm. We would very much appreciate your help with forwarding this meeting opportunity to other environmental organizations who might be interested.

Your message requested info regarding what the Administrator would like to discuss. If possible, we would prefer that you provide us a list of topics you would like to discuss with her. We would appreciate a list of issues/topics by tomorrow afternoon.

I apologize for the late notice as the Administrator's travel plans have only been confirmed this week. Accompanying her will be Regional Administrator Dennis McLerran, Alaska Operations Director Dianne Soderlund, and other staff from our DC and Seattle offices.

Thank you so much for your understanding and flexibility. Please do not hesitate to contact me if you have any questions or concerns.
