Alan,
If possible I would suggest that Gary and Dan attend also.

Subject: Native Elder Scientist Gathering

Good morning, Professor Boraas,

My name is Apayo, (Ah-by-you) and I work with Nunamta Aulukestai, Caretakers of the Land. I'm in the process of organizing a gathering in New Stuyahok with our elders (Native Scientists) and Tim Troll reccomended that I invite you to attend. The gathering will take place May 15-17th and the idea behind it is to gain a better understanding of the historical spawning grounds on the Nushagak and Kvichak. We want to have 20-30 elders participating in this discussion. I'm in the early stages of organizing, but should have more information when Kim Williams, our Executive Director, gets back from her London trip. I've also included her in on this email. If you are interested, please let me know, and I will fill you in on details when I have more!

I look forward to hearing from you,

Apayo

PS, I was impressed that there is a wiki page on you!
