Subject:	0905 ASPECT Update -- 8 Aug 2015
Date:	Saturday, August 8, 2015 9:30:15 AM
Attachments:	24mm2015_08_08 14_34_01.jpg

We have new data. Please see attached an image of the junction of the two rivers in Farmington. You can see the Animas dumping in to the San Juan with the plume mixing into the larger river. Per the last message we will have images up the river from Fruitland to Aztec.
