Subject: The Dalles, question on attached sheets and drawings

Emy,

I am resending the 16 sheets of the 1991 record drawings for the RCRA Landfill. Due to the size, I will send as 4 emails (each email will have 4 sheets). The sheet number noted on the file name corresponds to the sheet number on the drawing. This is email 1 of 4.

Linda noted that she does have a paper copy of the drawings also.

Thanks,

Brian

Mary and others. I have a paper copy of this entire set of 16 drawings. Brian, as noted in Mary's email it would be good to have a complete electronic set
and the file names to do correspond to the sheet numbers. Thanks!

---

Sorry but we still these sheets in the Record Drawings RCRA Landfill Closure file you sent parts of - sheet numbers 6 (cross sections existing and regraded waste), 9 (plan & profile leachate collection system modifications), 10 (leachate transfer details), 14 (perimeter ditch profile), 15 (miscellaneous details), and 16 (miscellaneous details) are still needed. Unfortunately, the pdf numbers do not correspond to the sheet numbers.

Emy,

Attached are the four drawings that you did not receive. My outgoing email includes all 16 drawings but some of the attachments may have been stripped due to the size.

I will double-check to see if there are any engineering drawings for modifications between 2002 and 2005 and get back to you.

Please contact me with any questions or comments.

Thanks,

Brian

Subject: EXTERNAL: question on attached sheets and drawings

Brian,

There were only 12 attachments to your last email. Looks like sheets 1-5 and 7-12 are provided. What happened to sheets 6,14,15, and 16?

Do you have any engineering drawings for modifications on the RCRA landfill made between the 2002 and 2005 time frame? I believe a pump was added and work was done regarding CO2 treatment. I wasn't sure if you looked for these types of drawings based on my last request.

Thanks,
Emy

Brian,

If you can start with the electronic files, that would be great. I will check on the need for hard copies and let you know if they are necessary.

Are the 1991 drawings the only ones you have for the RCRA landfill? Is there anything more recent?

Thank You,
Emy

Emy,

I have an electronic version of the record drawings for the RCRA Landfill Closure dated September 1991. Would it be acceptable to email you the 16 sheets from the record drawings? Or do you require full prints of the record drawings?

Thanks,

Brian

Subject: EXTERNAL: Draft agenda for Martin-Marietta meeting on 2/5/13
Importance: High

Brian,

Here is a draft agenda for our upcoming meeting. One of the items listed is a discussion on the RCRA landfill. At our last meeting, EPA had requested engineering drawings of the RCRA landfill. We have yet to receive these drawings. Would you please update me on the status of those documents? It is important that we have a chance to review them before the meeting.

Let me know if you have any concerns with the agenda. Please feel free to call me before the meeting if any of the items are unclear.

Thank You,
Emy
