Dear Mr. Jordan:

I have received your letter of January 30, 1980 requesting Department of Transportation classification information for Tectyl 818, Tectyl 816 and Tectyl 817. These Tectyl Rust Preventives have not been manufactured by our company since 1971. Therefore, we do not have Material Safety Data Sheets available for these materials.

If you have further questions, please do not hesitate to contact my office.

Very truly yours,

J E Humphries
