? Charles Schwarz - ODOT

Chris Huiard - ~~SA~~ Space

- Seeping 600-800' of pond bank where no trees, west, impacted

  Lat 35.6877 / Long - 121.7123

- On-road diesel - 5% Bio Diesel

- SDS 600' hard boom

- River Mile 155.2

- 800' of road surface impacted

- Moving down bank to water. Bank ~ 30' shoulder to

- not enough fuel to skim up
- Outfall from Lindsey lake to CR boomed
- Weather a problem - snow, access problem due to road being open
- Traffic control needed to remove source material
- Source should be mixed w/ soil or some other material, Looking to get Wasco County to accept
- 800' of snow impacted on road surface in both lanes, most on N. side of road
- Chad NRC working w/ ODOT - can close 1 lane at a time. Pilot Car. Safety issues w/ ice Slowing traffic, tomorrow soonist
- Need to get dirt stockpiled
- Plan -> work for snow removal tomorrow
  - get trucks, heavy equipment
-
- Bank all riprap. - Cannot excavate.
- 232 Form - Cultural?
  Snow only being removed.

2/12/19

Sampling needed today & later; daily task
Water in pond - diesel, pah's
2:1 outside boom, 1 at outfall mtl
