DEC - 9 2015

Ms. Becky Weber
Director
Air and Waste Management Division
U.S. EPA, Region VII
11201 Renner Boulevard
Lenexa, KS 66219

Dear Ms. Weber:

The Missouri Department of Natural Resources' Air Pollution Control Program (air program) requests that the U.S. Environmental Protection Agency (EPA) consider the use of the beta options in air dispersion modeling for Ameren Labadie Energy Center (Ameren). The beta options are for use with EPA's preferred refined air dispersion model, AERMOD. We believe we have submitted the associated modeling files pertaining to Ameren in our September 25, 2015 submittal. If you need additional files, please contact us and we will provide them to you at that time.

If you have any questions, please contact Ms. Emily Wilbur with the Missouri Department of Natural Resources' Air Pollution Control Program at P.O. Box 176, Jefferson City, MO 65102 or by telephone at (573) 751-4817.

Sincerely,

AIR POLLUTION CONTROL PROGRAM

Kyra L. Moore
