Subject: confirmed - Recent Circuit Court Decision on SNAP

Hi Mandy,

I am happy to confirm the 1:00 tomorrow, Thursday, August 31st meeting on the SNAP decision. Thank you again for getting us in so quickly. The attendees will be:

Joe Trauger, AHRI, Senior VP of Policy and Government Relations

Kelley Raymond, AHRI, Director, Government Relations

Deirdre Stach, Mercury, Senior Vice President

We are in the process of seeing if there may be another addition to this list. As so many of the senior staff are on vacation right now, would it be possible for a call in?

I understand that we should come to the North Entrance of EPA and ask for you. If there are any changes to those directions please let me know.

Thank you again and looking forward to our conversation tomorrow.

Deirdre

Subject: Fwd: Recent Circuit Court Decision on SNAP

Mandy-- What is EPA's general time frame on deciding its next steps on this? I want to make sure our suggested mid-September time frame for a meeting would not be too late for effective AHRI input regarding whether to appeal, etc.

Subject: Re: Recent Circuit Court Decision on SNAP

Thanks so much for being so helpful and responsive, Alex. In order to first hear from all of its members, AHRI would prefer a meeting mid- or late-September, ASSUMING EPA will not be making relevant decisions before then. Mandy--Is that any danger?

If not, let's reconnect near Labor Day regarding scheduling, Alex.

Subject: Meeting Request
Importance: High

Dear Robin:

As you suggested earlier this summer, I am contacting you to see if we can schedule a meeting in the near future with Mandy and Brittany to discuss next steps on the issue of the Clean Air Act Standards for MSW Landfills. The 90-day stay will expire in two weeks and the proposals for stay extension are still with OMB. We know that the states and regulated community will have many questions regarding how and when to comply with the Subpart XXX and Cf rules once the stay expires; states expressed such concern in their regulatory reform comments. We are concerned that staff within OAQPS, OECA and the regions will receive questions and there is a high risk of inconsistency and miscommunication with respect to intended implementation of the rules, especially after the stay period. This is particularly worrisome as staff now involved in implementing the new rules have no familiarity with landfills and had little or no role in the lengthy regulatory history that led to their promulgation.

We would very much like to discuss with Mandy and Brittany the Agency's next steps for a stay extension, planned schedule for a reconsideration/rulemaking initiative, as well as guidance to the states and regulated community regarding compliance in the transition.

A number of meeting participants will be coming in from out of town, but if you can give us several possible dates in August and/or early September, we will make every effort to accommodate Mandy and Brittany's busy schedules. I will follow up with a phone call.

Thanks so much for your help,

Kerry

Carter Lee “Kerry” Kelly

Subject BTR Energy
Location 3528 WJCN
Show Time As Tentative

* John (Jack) Barrow, BTR Energy
* James (Jim) Lemon, BTR Energy
* Michael Lemon, BTR Energy

We'd like to discuss the "electric pathway," which is a part of the Renewable Fuel Standard that would allow small animal farms, like dairies in Wisconsin and Pennsylvania, to benefit from the generation and sale RINS. A final rule promulgated three years ago gives EPA significant flexibility to implement the electric pathway by approving applications on a case-by-case basis, but EPA staff have been pushing for yet another rule-making.

BTR Energy is an applicant under the electric pathway, and we're completely unique in our focus on driving value to parts of the animal agricultural industry. We'd like to discuss approving our application and adjusting the 2018 renewable volume obligations to account for the RINs we can currently create. We work with almost two dozen dairy, swine, and cattle farms across the country that would immediately benefit from our program, and our work now has the support of over a dozen members of Congress, including folks like Congressman Chris Collins from NY and Congressmen Mike Gallagher and Sean Duffy from WI.

Approving our application shouldn't be a big lift for EPA staff, in our view. The supply and delivery of the renewable fuel (electricity) is there, and we've done most of the work, as the rule has been in place and inactive for three years (we can discuss that more in the meeting). In that way, the program is extremely efficient: low effort for EPA, high impact on farms that have traditionally been locked out of the RFS.

I've attached a summary document that explains the issue and profiles two of our partners. I've also attached a letter of support one of our partners wrote to their Congressional representatives and an executive summary of BTR Energy.

We've had more than a half dozen meetings with staff in the OTAQ office over the last three years. Last week I had coffee with Ben Hengst, who supports Chris Grundler, the director of OTAQ. Ben suggested we aim to meet with Mandy Gunasekara individually so

that we could be candid about our experience.

We also met with Mr. Kell Kelly last week, who agreed that Mandy is the right person.

I hope all that helps. We can provide a lot more context in the meeting.

Time 12:00 PM – 12:45 PM
Subject Minnesota Pork Producers
Location 3530 WJCN
Show Time As Tentative
Request:

We will be having our fall legislative fly in the second week of September. As part of the fly in, I was wondering if it is possible to schedule a briefing with you, or other senior EPA staff on September 12th to discuss various priority environmental issues with the Minnesota Pork Producers. Minnesota is the number two state for pork production, behind Iowa.

This would be primarily more of a “getting to know you” meeting with a general discussion on issues on the farm than any specific in depth focus on any single issue.

However, issues of note for Minnesota include the following:

* Nutrients, the value of manure, and water quality standards.
* Air Emissions Reporting from livestock farms
* EPA’s NESHAP for Reciprocating Internal Combustion Engines (on farm backup diesel generators) 40 C.F.R. Part 63, Subpart ZZZZ

Attendees:

Michael Formica, National Pork Producers Council
