Progress Report #139 – West Plant & West Brine Field

Dear Ms. Bury:

In accordance with Task IV, Subtask B of Attachment IV to the above-referenced Administrative Consent Order (ACO), this letter will serve as the Bi-monthly Progress Report covering corrective action activities completed at the West Plant and West Brine Field during the period of March and April 2013.

This report describes progress during the reporting period towards fulfilling the requirements of the ACO. A description of the activities anticipated for May and June 2013 is also included.

As described in previous correspondence, operations at the West Plant facility have ceased and all the industrial equipment and buildings have been decommissioned and demolished. Arkema retains ownership of the West Plant and West Brine Field properties, as well as responsibility for activities under the RCRA 3008(h) Administrative Order on Consent. Arkema will continue to work with the EPA to complete the tasks under the Administrative Order.

I. Corrective Action Activities Completed in March and April 2013 at the West Plant and West Brine Field Area

Arkema did not complete any Corrective Action activities under the Administrative Order at the West Plant or West Brine Field in March and April 2013.

II. Corrective Action Activities Anticipated for May and June 2013

Additional activities related to the Corrective Action will be completed upon the EPA review of the previously submitted Corrective Measures Study for the West Plant and West Brine Field.

If you have any questions regarding the content of this report or the overall program, please contact me at (610) 878-6250.

Sincerely,

Robert L. Wright
Principal Environmental Engineer
